Eager to put your compassion into action? Looking to see a unique part of the world from an interesting perspective? Excited for the sights, sounds, tastes and smells of a new place? Join our local Winchester-Frederick-Clarke team, comprised of volunteers and staff, on this Habitat for Humanity Global Village trip to Paraguay!

Paraguay, officially the Republic of Paraguay, is a landlocked country in central South America, bordered by Argentina, Brazil, and Bolivia. Due to its central location in South America, it is sometimes referred to as the "Heart of South America". The capital of Paraguay is Asunción.

With few mineral resources, Paraguay's economy revolves around agriculture. More than 30 percent of the population lives in poverty, and Paraguay ranks near the bottom among South American countries in reducing poverty over the last decade. Social spending for antipoverty projects is minimal.

Come together with a team of 12 to help provide a family in Paraguay with simple, decent, affordable housing while exploring the country and culture. The trip cost includes supporting our local office in Paraguay; meals; accommodations; transport (excluding trip participant airfare); medical emergency evacuation and trip cancellation insurance; some local cultural activities; and team coordination and orientation materials. (Participant airfare, R&R activities, and visa and exit fees not included.) Fundraising tools are available.

No construction experience is required; only an open mind, flexibility, and a desire to work hard. Change your world; change your life.

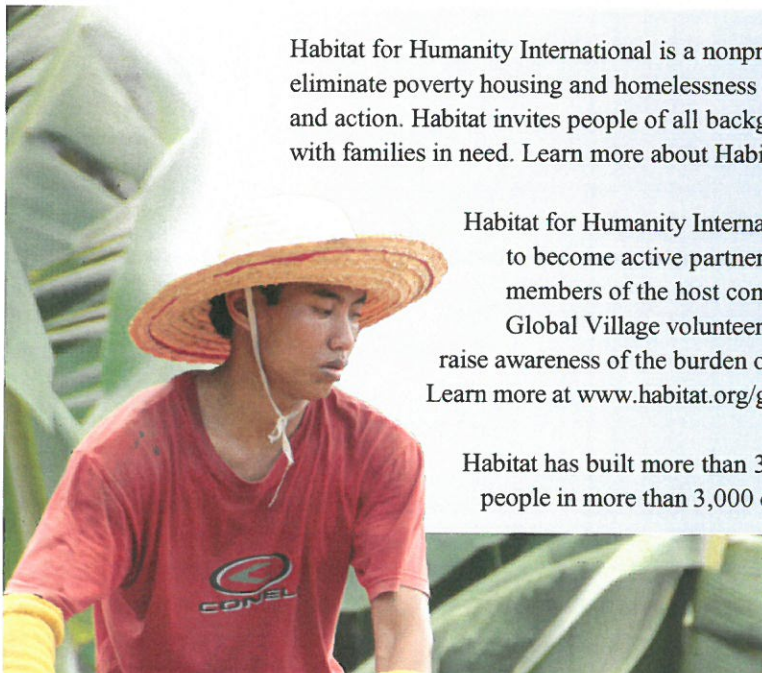

Habitat for Humanity International is a nonprofit, ecumenical Christian housing ministry. HFHI seeks to eliminate poverty housing and homelessness from the world and to make decent shelter a matter of conscience and action. Habitat invites people of all backgrounds, races and religions to build houses together in partnership with families in need. Learn more about Habitat for Humanity at www.habitat.org.

Habitat for Humanity International's Global Village trips offer participants the unique privilege to become active partners with people of another culture. Team members work alongside members of the host community and get to know another culture in a way very few can. Global Village volunteers have the opportunity to participate in local cultural activities, help raise awareness of the burden of poverty housing and, of course, further Habitat's mission. Learn more at www.habitat.org/gv.

Habitat has built more than 300,000 houses around the world, providing more than 1.5 million people in more than 3,000 communities with safe, decent, affordable shelter. Join us!
